CHARITABLE FOUNDATION
Grant Request Guidelines and Application

The Southern Pines Rotary Club Charitable Foundation accepts grant requests from schools, organizations and individuals that are looking for funds to complete a program or project. Our focus is to support local projects with needs in scholarship, health and welfare, children and disaster relief. All requests will be considered; however for the most part the Board will not consider funding requests for normal operating expenses. The SPRC Charitable Foundation generally meets on the third Friday of odd numbered months (January, March...), so it would be prudent to get your request turned in prior to the meeting dates. For the calendar year 2018, please submit to Chuck Davis, chuckd955@gmail.com, or mail to Southern Pines Rotary Club Charitable Foundation, P O Box 2023, Southern Pines, NC 28388-2023.

To hasten the review process, please complete the following items in the space below. Additional Information may be added at the end of the form or on an additional sheet. If you are able to submit this electronically, we can distribute it early to Board members for consideration.

1. State the scope of the project including start and finish dates.
2. State the amount of the project, how much you are requesting from the SPRC Foundation and what portion is already funded.
3. List the organizations or individuals from whom you have sought funds and the extent to which they have responded.
4. List key officers and board members of your group and how they may be reached for additional information.
